- Javascript
- SQL

## WORK EXPERIENCE

### Full Stack Developer Intern

Profound Edutech Pvt Limited , Pune

February 2023 - August 2023

- Developed full-stack web applications using MongoDB, Express.js, React.js, and Node.js, ensuring responsive UI and scalable backend solutions.
- Collaborated with cross-functional teams to design and implement new features, resulting in user engagement.
- Optimized application performance code refactoring and database indexing.

## EDUCATION

### B.Sc (Computer Science)

Savitribai Phule University Pune

CGPA: 7.53

July 2019 - August 2023

## PROJECTS

### AI-Career-Coach

<https://ai-career-coach-sigma.vercel.app/>

February 2025 - March 2025

- Allow users to create customized resumes using AI. Users can input their experience, skills, and preferences, and the AI will format the resume to match the latest trends in the job market.
- Provide personalized insights into the job market trends, salary expectations, and required skills for specific industries or job titles.

## AI-Job-Assistant

May 2025 - May 2025

<https://ai-job-assistant-chi.vercel.app/>

- Built an AI-powered web app using Next.js and OpenAI **API** to generate tailored resumes and cover letters based on user input.
- Implemented dynamic forms to collect job descriptions and personal details, and used server-side **API routes** for secure AI requests.
- Leveraged OpenAI **GPT model** to create professional, personalized application content in real-time.

## Streamify-Video-Calls

April 2025 - May 2025

<https://streamify-video-calls-e07q.onrender.com/>

- Developed a real-time video calling web application using WebRTC, Socket.**io**, and React.**js** for seamless peer-to-peer communication.
- Implemented a custom signaling server with Node.**js** and Express to handle call setup and user connection events.
- Styled the UI with Tailwind **CSS** to ensure a responsive and modern user interface across devices.
- Deployed the app on Render for full-stack hosting with reliable performance and scalability.
